Cara Kerja Reviewer

Perjalanan Naskah

Most scientists regarded the new streamlined peer-review process as "quite an improvement."

Proses Editorial

Review Results

- **Accept:** "Which almost nobody gets," ;-)
- **Accept with revision:** "Just make some minor changes."
- **Revise and resubmit (major revision):** "They're still interested in you!"
- **Reject and resubmit:** Though not as good as revise and resubmit, "they still want the paper!"
- **Reject**
- **Don't put off the revisions**
- If you are invited to revise, "Do it, do it fast and don't delay".
